Re: Statement concerning Alex Example — EB-1A

Unsigned review. This draft is not a signed letter or declaration.

Relationship and basis of knowledge

I volunteered alongside Alex at two community supply events in October 2026.

Personal observations

I personally saw the applicant distribute supplies at events on October 4 and October 11, 2026.

Statement

I observed Alex distribute supplies and assist visitors at the two events described above. My statement is limited to those activities; I have not assessed immigration eligibility.

No signature or declaration is included in this unsigned review.
