8. Servicemembers Civil Relief Act Notice

For a covered obligation incurred before the servicemember entered military service, 50 U.S.C. §3937 limits interest, including covered charges, to 6% during service. For mortgage-type security the protection also covers the following year. Excess interest is forgiven and periodic payments reflect that reduction. Written notice with orders or other qualifying evidence may be given through 180 days after service ends. The statute also provides for creditor verification through the Defense Manpower Data Center and court relief where the legal test is met.

9. Military Lending Act Compliance

Military Lending Act coverage depends on the creditor, the credit and the borrower’s covered status, including qualifying dependents, when the credit is extended. Covered credit requires the separate disclosures, 36% military annual percentage rate calculation and restrictions on terms required by 10 U.S.C. §987 and 32 CFR Part 232. Residential mortgages and certain purchase-money credit secured by the purchased vehicle or personal property have separate exclusions. This note records no representation that disclosures were delivered.

10. Truth in Lending Act Disclosure

If the transaction is consumer credit subject to Regulation Z, identify the applicable creditor, purpose, disclosures and timing before consummation, including any applicable earlier mortgage disclosures. Business or commercial purpose and other exemptions require separate consideration. This note does not supply the required disclosure statement or certify delivery.

11. Waivers

Borrower and all endorsers, sureties, and guarantors hereby waive presentment for payment, demand, notice of dishonor, notice of protest, protest, and notice of non-payment. No delay or omission by Lender in exercising any right shall operate as a waiver.

13. General Provisions
