4. Grant of Security Interest; Collateral

As security for the prompt and complete payment and performance of all obligations under this Note, Borrower hereby grants to Lender a continuing security interest in, and a lien upon, the following property, together with all accessions, attachments, replacements, substitutions, products, and proceeds thereof (collectively, the "Collateral"):

Passenger vehicle identified by the sample title record

Borrower represents and warrants that (a) Borrower is the sole owner of the Collateral, free and clear of all liens, security interests, encumbrances, and adverse claims, except as disclosed to Lender in writing; (b) Borrower has full right and authority to grant this security interest; (c) no financing statement, lien, or adverse claim covering the Collateral is on file in any public office or registry except in favor of Lender; and (d) the agreed location of the collateral is **Example garage in Austin, TX**. Borrower will notify Lender before moving the identified collateral.

Borrower covenants that Borrower shall: (i) maintain the Collateral in good working order and condition (reasonable wear and tear excepted); (ii) keep the Collateral insured against loss, theft, fire, and damage in amounts not less than the replacement cost, with insurers reasonably acceptable to Lender, naming Lender as loss payee and additional insured, and deliver certificates of insurance to Lender upon request; (iii) not sell, lease, transfer, further encumber, or permit any liens to attach to the Collateral without Lender's prior written consent; (iv) pay when due all taxes, assessments, and charges on the Collateral; (v) permit Lender and its representatives to inspect the Collateral at reasonable times; and (vi) execute and deliver such further documents and take such further actions as Lender may reasonably request to perfect, continue, and protect the security interest.

Vehicle title record. The vehicle is covered by a **TX** title. Record checked: Verified TX paper title record EX-104, including the owner and the recorded lienholder.. The parties shall record the lender’s interest in this vehicle through the Texas title system. For this vehicle outside selling-dealer inventory, an ordinary financing statement does not perfect the lien. The signed security grant and the public title record serve separate purposes. Use the Texas motor-vehicle title application and the county tax office procedure to identify the vehicle, lienholder and lien date.

5. Events of Default

Each of the following is an "Event of Default":

1. Borrower's failure to pay any sum when due and such failure continues for **10 days** after written notice;
2. Borrower's breach of any covenant or agreement relating to the Collateral (including insurance, maintenance, non-transfer, or non-encumbrance);
3. Any representation or warranty proves false or misleading in any material respect;

4. Death, dissolution, liquidation, or termination of Borrower;
5. Bankruptcy, insolvency, assignment for the benefit of creditors, or appointment of a receiver;
6. Loss, theft, substantial damage, destruction, or impairment of the Collateral;
7. Any attachment, levy, garnishment, or judicial seizure of the Collateral;

6. Remedies Upon Default

Upon an Event of Default, Lender may, at its option:

1. Declare the entire unpaid principal, accrued interest, and all other sums immediately due and payable without further demand or notice;
2. Exercise all rights and remedies of a secured party under UCC Article 9, including the right to take possession of the Collateral (with or without judicial process, so long as done without breach of the peace), to require assembly where authorized, and to dispose of collateral only after any required notice to the debtor and other protected parties, using commercially reasonable terms;
3. With respect to real-property Collateral, use only the foreclosure procedure available under the security instrument and the law governing the property in TX, including required notices and protections;
4. Apply the proceeds of any disposition of Collateral first to reasonable expenses of retaking, holding, preparing for sale, selling, and the like (including reasonable attorneys' fees), then to accrued interest, then to principal, with any surplus paid as required by law;
5. Pursue any other remedy available at law or in equity.

Any deficiency may be sought only to the extent permitted by applicable law, after required notices, disposition procedures and accounting. Lender's rights and remedies are cumulative and may be exercised concurrently or successively.

7. Collection Costs and Attorneys' Fees

Borrower shall pay all of Lender's costs of collection, enforcement, and realization upon the Collateral, including reasonable attorneys' fees and court costs.

8. Servicemembers Civil Relief Act Notice

For a covered obligation incurred before the servicemember entered military service, 50 U.S.C. §3937 limits interest, including covered charges, to 6% during service. For mortgage-type security the protection also covers the following year. Excess interest is forgiven and periodic payments reflect that reduction. Written notice with orders or other qualifying evidence may be given through 180 days after service ends.

Residential mortgages and certain purchase-money credit secured by the purchased vehicle or personal property have separate exclusions. This note records no representation that disclosures were delivered.

If the transaction is consumer credit subject to Regulation Z, identify the applicable creditor, purpose, disclosures and timing before consummation, including any applicable earlier mortgage disclosures. Business or commercial purpose and other exemptions require separate consideration. This note does not supply the required disclosure statement or certify delivery.
