KEEP THIS REPORTING CHECKLIST WITH YOUR RECORDS

Report and confirm. A printed or mailed letter may give SSA information. Confirm receipt and whether the required action was completed. Keep dates, the office contacted and any receipts. Do not send a full Social Security number, bank credentials or original identity documents to an unverified destination. Use SSA's office locator to identify the correct office.

SSI changes. For a written SSI report, complete the benefit-record name and full Social Security number privately on your downloaded copy before submitting it to the verified SSA office. Include the name of the person affected, the event and date, and your name. You can also report by phone or through an SSA office. Contents of an SSI report. Ways to report. Report a change promptly and no later than 10 days after the end of the month of the change when a report is required. Income, resources, household and living arrangements, confinement and periods abroad may matter. Keep the SSA receipt. Report SSI changes.

Address and contact. Use SSA's contact information service. Some beneficiaries must call or make an appointment to complete an update. Report any change in living arrangement separately when it affects SSI. Changing postal forwarding does not update SSA.

State SSI supplement

Current residence: MN. This state administers supplemental payments for eligible categories. Federal SSI changes go to SSA. Check the state award and the state program's own reporting instructions. Receipt of federal SSI alone does not establish a state payment. Minnesota Supplemental Aid (MSA) has its own reporting process. If you receive SSI and MSA, tell the county or tribal agency about an address or residence change within 10 days. Report other federal SSI changes to SSA. If you receive MSA Housing Assistance, also report changes to shelter expenses or a rent subsidy to the agency within 10 days. Without SSI, use the state rules for reportable changes affecting MSA, including the 10-day rule in section 256D.405. Certain recipients without SSI because of excess income must also make monthly reports of earned or deemed income. Report a change on the required household report even if you told the agency earlier.

Minnesota Supplemental Aid reporting law and Minnesota program contacts.

SSA's state supplement administration table. Separate Medicaid, food, cash or housing programs can have their own reporting channels.
